

Westchester-East Putnam Region

everychild. one voice.®
cada niño. unavoz.

Welcome new and returning presidents, officers and members. Thank you for taking on the commitment of leading your school's PTA. The WEPR region board is a resource to help guide and assist you, please contact us at anytime with any questions or concerns.

Council Presidents are part of the region board and are REQUIRED to attend or send representation to region board meetings. Unit and council presidents are required to include in their budgets a line for region training/events and state conferences. *Every* event is an invaluable connection to the larger association to which we all belong, where the necessary training and learning will assist you in successfully running your PTAs.
